

4 TAKE AWAYS FROM MR. BONNER!

1 FEEDBACK MATTERS

Grab anonymous feedback from your “clientele” to check the pedagogical temperature of your environment. Use Padlet, Google Forms, or a simple sheet of paper.

2 SET THE TEMPERATURE

You are responsible for the energy you bring into any environment. Find 2 people who are “believers” that will keep you motivated. Especially when times get tough!

3 21ST CENTURY SKILLS

The world is changing and in some sectors, skills are more valuable than degrees. What are 3 out of the 10 skills from the World Economic Forum you can focus on?

4 SHINE BRIGHTER

Sometimes the gifts you have will frustrate the insecurities in others. Ignore them and keep doing what’s best for kids. At the end of the day, they are our future.
